

Deaths per 100,000 from assault 1960 to 2014, in order of averagerate since 2008

Female deaths per 100,000 from assault 1960 to 2014, in order of average female rate since 2008

New Zealand's slower improvement in female deaths from assault means it now has the highest rate of the comparison countries in this chart.
